SPLASH

**Accessories
Catalogue**

**An extra
dash of
pizzaz?**

Your Suzuki Splash is “refreshingly different” from the outset. It has everything one expects of a “subcompact” (what a dreadful word for such a magnificent car) and much more besides. It also comes with a copious range of equipment and accessories. But what if you had the chance to lend your trusty new companion an even more practical, more individual touch? A dash more pizzaz? With a host of attractive and useful features on the inside, outside and all over to make your own distinctive mark? Would you go for it? Don’t answer before you’ve read through to the last page!

Exterior

That's you all over.

1 | Fog lamp set
Part No. 990E0-80M62-000

Good looking is a must for your Splash. It doesn't have to be quite as dashing as the driver at the wheel – but almost. And why not, when a few accessories from the Exterior range are sufficient to send other motorists' envy levels soaring, with an even more stylish, sportier look and even a touch of “lifting” around the eyes? Best of all, the Splash offers breath-taking embellishments at easy-going prices.

Exterior

The right footwear.

Good footwear needs to fit well and look good. On cars, the same is true of wheels. It's good to have a range of options that fulfill both criteria. The Splash comes up trumps here, offering a choice of various stylish aluminium rims plus locking security options or more economical alternatives in the form of wheel caps sporting a quality appearance. Spoilt for choice? Your local Suzuki dealer will help you find the right fit.

A little luxury is never out of place.

1 | Dash trim

Part No. 990E0-51K51-000

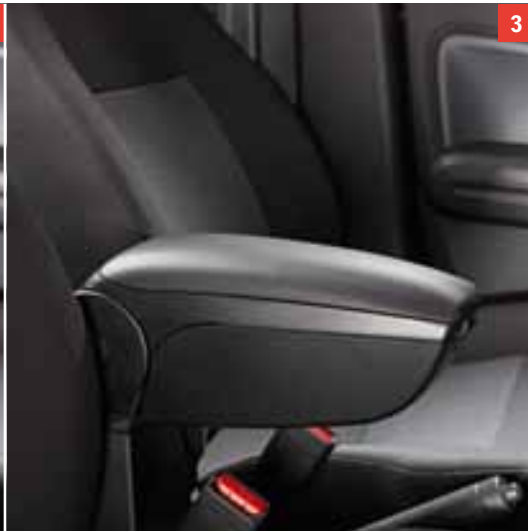

“Let me be surrounded by luxury, I can do without the necessities.” While Oscar Wilde was not familiar with the Suzuki Splash, it’s safe to assume it would have found his liking. Just take the stylish piano-lacquer look of the centre console cover – it will give you a thrill every time you change gear and it’s always a delight to behold. The contrasting black colours make it easy work of reading the display and operating the controls. Also the cool look of this luxury trim is destined to work its charm on the front passenger, too.
